- Approving and administering participant transactions, like loans and distributions
- Maintaining worksite employee payroll data
- Performing nondiscrimination testing and completing required government filings, including Form 5500
- Managing the annual independent audit, potentially saving you both time and money

- Providing nationwide enrollment support and ongoing participant education to encourage plan participation
- Notifying worksite employees of their eligibility, key plan amendments and other required notices
- Offering complete participant account management through a website and toll-free number

You will also have access to a dedicated Empower retirement support team focused solely on your company's retirement plan needs.
